

RESIDENTIAL YOUTH SERVICES

Community-based treatment and education for challenged youth

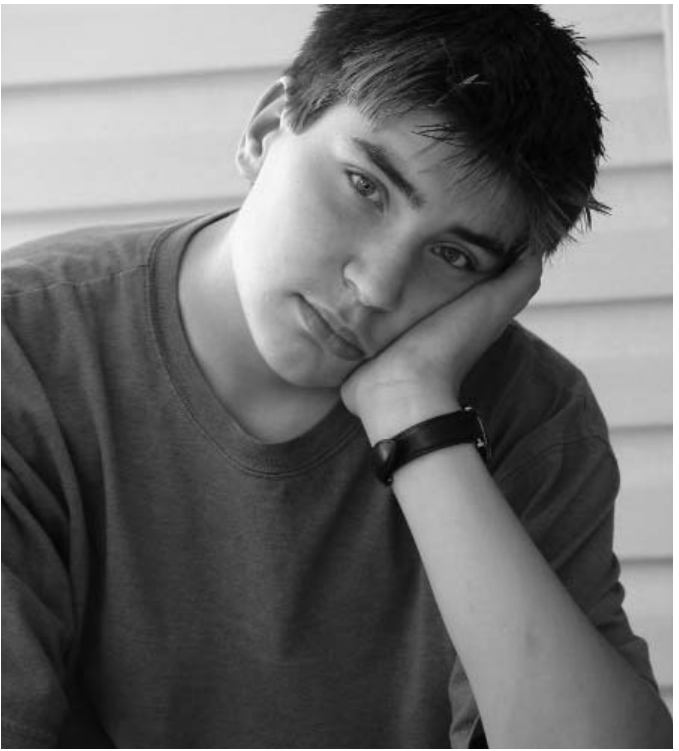

Strengthening
and
supporting
youth
and
families

...where your future begins

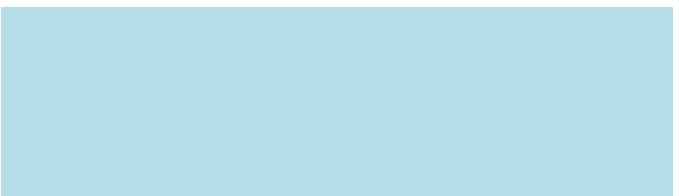

We are here to help

Hilltop's Residential Youth Services has been serving at-risk youth since 1992. Our staff works in partnership with numerous community-based agencies to ensure services are provided according to each person's individual needs.

Our Mission

"To identify and remove barriers to self-sufficiency by supporting the development of age-appropriate independence."

Who we are...

**Empowering
young people
to create a new
beginning for
themselves.**

Hilltop's Residential Youth Services (RYS)

is a safe, nurturing, residential program providing comprehensive guidance and treatment for youth and their families.

Located on a 7-acre campus, this unique program is designed to promote behavioral and academic improvement through therapeutic, social, educational and recreational programming.

Who we serve...

- Young people ages 12-18
- Youth who have demonstrated significant mental health needs and cannot be maintained in a less-restrictive setting
- Those in need of services regarding physical, emotional, and/or sexual abuse, neglect, or chemical dependency

As a 40-bed facility, with separate residences for boys and girls, RYS serves young people who have encountered difficulty at home, school, and in the community.

Services provided...

**Building
a solid
foundation.**

Once basic needs are met, treatment begins. During the initial intake, program staff evaluates each individual's mental, emotional and physical health in order to determine what interventions are needed.

RYS provides...

- 24-hour structured, supervised, residential setting
- Behavioral modification plans developed through comprehensive assessments
- Individual, family and group counseling
- A living environment that provides responsibility for his/her behavior and consequences
- Colorado Department of Education approved educational opportunities
- Life skills, recreational, social, vocational and experiential learning
- Positive community involvement
- Facilitation of youth's integration back into the community including transitional and outpatient services.

“Hilltop has been willing to think outside the box and work with youth on an individual basis.”

*–Ladonna Cruson, Client Manager,
Grand Mesa Youth Services*

Guidance, support, treatment...

Making a
lasting
difference.

We strive to make a lasting difference in a young person's mental, emotional and physical health. Through a variety of services, our clients gain strength, learn new skills and receive the support necessary to become self-sufficient adults.

“Hilltop has helped me grow in many ways. They have helped me learn how to pick good and healthy relationships, how to stand up for myself, and coping skills for when I get mad. Best of all, they taught me about how valuable I am as a person.” —RYS client
